

# 2013 IEEE Conference on Systems, Process & Control (ICSPC 2013)

**13-15 December 2013, Kuala Lumpur, Malaysia**

The IEEE Control Systems Society Chapter Malaysia and the Advanced Signal Processing Research Group (ASPRG), Universiti Teknologi Mara (UiTM), are pleased to announce the 2013 IEEE Conference on Systems, Process and Control (ICSPC 2013) which will be held in Kuala Lumpur, Malaysia on the 13<sup>th</sup> to 15<sup>th</sup> of December 2013. This event calls for local and international participants.

The conference will provide an excellent platform for knowledge exchange, establishment of networks and collaboration opportunities between researchers, academicians and practitioners in the areas of systems, processes and control.

Research areas include, but are not limited to, the following areas:

- ❖ Automation & Robotics
- ❖ System Identification
- ❖ Modeling & Simulation
- ❖ Process & Control
- ❖ Intelligent Systems
- ❖ Optimization of Systems
- ❖ Nonlinear Systems
- ❖ Digital Control
- ❖ Advancements in Computation
- ❖ Algorithms for Control
- ❖ Optimal and Robust Control
- ❖ Emerging Areas
- ❖ Control Applications in Other Areas

Submission deadline is 15<sup>th</sup> October 2013. Do visit our website ([www.asprg.net/icspc2013](http://www.asprg.net/icspc2013)) or contact our secretary ([rozita@ieee.org](mailto:rozita@ieee.org)) for more information.
