1-Day Seminar & Tutorial on Signal Processing for Communications
October 10, 2013 @ Holiday Inn Melaka, Malaysia

The IEEE Signal Processing Society (Malaysia Section) is organizing a one-day seminar & tutorial on Thursday, October 10, 2013 at Holiday Inn Melaka, Malaysia. This is in conjunction with the IEEE ICSIPA 2013. The program includes two invited talks, research presentations on signal processing in communications, and an option of two tutorials (by international researchers and on using SciLab).

Clicking on the tutorial titles in the program below will take you the page with more details.

You can also join all three days of the conference (October 8-10, 2013). For details, please visit http://spsocmalaysia.org/icsipa2013.

Looking forward to seeing at the one-day event and at IEEE ICSIPA 2013 !
