

ED
AS

WORKSHOP

@ De Palma Hotel, Shah Alam

28 March 2014 | 9am – 1pm

By:
Assoc. Prof. Dr.
Nursuriati Jamil

Admission: IEEE Members: RM250
Non Members: RM500

This half day course incorporates the exposure and skills in managing EDAS, in order to ensure comfort, capability and ease in organizing conferences in the future. The course offers many benefits which trains EDAS users to effectively and efficiently setup conferences, call for papers, papers management as well as sessions and conference programs.

Nursuriati Jamil is a Senior Member of IEEE Computer Society, Malaysia Chapter. Previously, she was a Secretary, IEEE Computer Society, Malaysia Chapter for year 2011 and 2012. A member since 2002, she has been actively involved in organizing IEEE conferences, workshops and DVP programs for IEEE members in Malaysia. She was also invited by IEEE Victorian Section, Australia to give a talk in Swinburne University of Technology in Melbourne, Australia in December 2012.

Outside the society, she works as an Associate Professor at Faculty of Computer and Mathematical Sciences, Universiti Teknologi MARA, Selangor, Malaysia with a particular interest in signal and image processing and multimedia information retrieval. She has received numerous grants relating to image processing, speech recognition and information retrieval. She has held several administrative positions such as Head of Computer Science department, Head of Consultation Unit, Head of Research Interest Group (Information Retrieval) and Head of Communication and Information Center. Nursuriati received her B.Sc from Universiti Teknologi Malaysia, Kuala Lumpur and her M.Sc in Computer Science from Universiti Kebangsaan Malaysia, Selangor and her PhD in Information Sciences from California State University, USA.
