Region:

Statement

Mission Statement: Giving life to the motto, "Advancing Technology for Humanity' through using the right tools and technologies to reach those in needs especially in post-covid era.

Position Statement: If elected, you can count me on

February 11, 2023

Grow IEEE Malaysia Section and empower volunteers from various chapters working together to improve their local communities

Engage members and support their ongoing professional and career needs

Empower and strengthen our Student Chapters, YP, and WIE affinity groups

Energize IEEE members working at the forefront of grand challenges for engineering facing humanity

Our members are the heart and soul of IEEE. They create enormous value for IEEE through their contributions. I humbly request your vote and support to work together with us the executive committee.
